Dear Kes,

Many thanks for your letter.  
All my greetings 1991 for you and your husband.  
I appreciate to get the photo (and the splendid  
picture of Kenya)

I had interesting contacts with Mr. Froment  
before his departure

Please <sup>send me</sup> don't forget to send me  
a copy of the <sup>scientific</sup> technical part of your reports  
to Parc National de la Garamba note we  
end with extraordinary for me since 1948  
I appreciated the very short visit in ~~1987~~ 1989.  
Do you know that Mr. De Saeger is still  
quite alert, at the age of near 91 years!

Please my best wishes that VUKORO and  
tell him that we don't forget his problem.  
I hope very much to see again PNG in a not  
too late future.

All my congratulations for your work

Very sincerely yours
